KEYSTONE XL PIPELINE

(Mr. POE of Texas asked and was given permission to address the House for 1 minute.)

Mr. POE of Texas. Mr. Speaker, the little tyrant from the desert in Iran is saber rattling and rattling the nerves of many Americans. Ahmadinejad is threatening to block oil from going through the Strait of Hormuz. This

would raise the price of gasoline in America.

Meanwhile, 3 years have gone by, and the administration continues to delay, delay, delay a decision on the Keystone XL pipeline project.

Approval of this pipeline would immediately create 20,000 jobs in America and bring in 700,000 barrels of oil a day. At first, the administration decided not to decide until 2013. However, new law requires the administration to make a decision by February 21, but there are grumblings the administration may find a way to ignore this provision of the law.

Americans are in need of a stable source of energy, and they are thirsty for jobs. This country needs energy from a reliable and stable country like Canada. We should make Middle Eastern oil and its politics of turmoil irrelevant.

The administration needs to pick a horse and ride it. Build the Keystone XL pipeline from Canada to Port Arthur, Texas.

And that's just the way it is.

CONGRATULATING JONES COUNTY JUNIOR COLLEGE

(Mr. PALAZZO asked and was given permission to address the House for 1 minute.)

Mr. PALAZZO. Mr. Speaker, today I am proud to recognize an educational keystone in Mississippi's Fourth Congressional District. Jones County Junior College is celebrating 100 years of educational leadership and excellence since 1911.

Located in Ellisville, Jones is the largest single-campus 2-year college in our State. And it's among the top-ranking community and junior colleges in the Nation for enrollment. JCJC boasts diverse and competitive programs, including nine academic divisions, four career and technical divisions, and awarding-winning athletic teams.

How does Jones County live up to its motto of "Inspiring Greatness"? During the past 100 years, Jones' outstanding faculty and five presidents, including the current president, Dr. Jesse Smith, have brought commitment and consistency to this campus. It is not unusual to see Dr. Smith visiting casually with students around campus, leading by example and investing in student success.

I salute Dr. Smith, the staff, faculty, alumni, and students of Jones County Junior College on more than 100 years of excellence. Congratulations on a job well done.

Go Bobcats.

CONGRATULATING NORTH DAKOTA STATE BISON

(Mr. BERG asked and was given permission to address the House for 1 minute.)

Mr. BERG. Mr. Speaker, today I want to congratulate the North Dakota

State Bison on an incredible football season that led to winning the 2011 FCS championship. More than 10,000 Bison fans cheered on NDSU in Frisco, Texas, where the Bison defeated Sam Houston by a score of 17-6.

The Bison and Coach Craig Bohl worked hard this season, and their determination resulted in NDSU's ninth football championship and the first championship in Division I.

These student athletes represent NDSU's commitment to both academic and athletic excellence. Their character and perseverance truly exemplify the North Dakota spirit, and they have made our State proud.

Congratulations, Coach Bohl, the Bison players, and NDSU fans everywhere on an excellent season. Thank you, and go Bisons.

KEEPING OUR JUNIOR ATHLETES SAFE

(Mr. PAULSEN asked and was given permission to address the House for 1 minute.)

Mr. PAULSEN. Mr. Speaker, I rise today to recognize the courage of two young Minnesotans whose lives have been drastically changed recently while playing a sport they truly love.

A December 30th high school hockey game began brightly for 16-year-old high school sophomore Jack Jablonski, who scored the opening goal of the game. But a shocking check from behind during the second period left Jack paralyzed.

And sadly, one week later, another young hockey player, 18-year-old Jenna Privette from St. Croix Lutheran High School, was hospitalized after also being injured during a game.

Despite this, these two young athletes have not lost their love of the game and have shown incredible courage in the face of such terrible accidents.

I am pleased that this weekend the Minnesota State High School League took swift action in announcing new rules that aim to make the game safer.

I urge all of us to keep Jack, Jenna, and their families in our thoughts and prayers.

H-CANYON IS A VITAL NATIONAL ASSET

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, H-Canyon Chemical Separations Facility at the Savannah River Site near Aiken, South Carolina, which is valued at nearly \$1 billion, is the only shielded nuclear chemical separations plant still in operation in the United States. During its operating life, H-Canyon facility routinely recovered uranium-235 and neptunium-237 spent fuel and has aided America in
